Exam   :   **HP2-E29**

Title   :   Planning and Designing HP
SMB Solutions

Version   :   Demo

1.Which HP software application is required to manage an HP StorageWorks Enterprise Virtual Array solution?

A. HPStorageWorks Secure Manager

B. HPStorageWorks Command View EVA

C. HP Storage Essentials SRM Software Suite

D. HP Continuous Access EVA

Answer: B

3.Which component in an HP Data Protector solution runs the core software and contains the Data Protector database?

A. media server

B. console server

C. cell manager

D. media manager

Answer: C

4.A customer wants to use HP Systems Insight Manager (HP SIM) to secure their management environment. Which technologies are used with HP SIM accomplish this task? (Select two.)

A. SSL

B. WMI

C. DMI

D. SNMP E.

SSH Answer:

A,B

5.When a G6 blade solution includes Flex-10 Virtual Connect Ethernet modules, what are possible bandwidth configurations for a single Flex-NIC on port 1? (Select two.)

A. 10Mb B.

300Mb C.

750Mb D.

8Gb

E. 16Gb

Answer: B,D

6.Which feature becomes available when a G6 blade solution includes Flex-10 Virtual Connect Ethernet module?

A. support for port aggregation for each blade increases to 10 ports

B. blade NICs auto-negotiate to 10/100Mb bandwidth

C. embedded Flexible NICs for each blade increases to 10 NICs

D. bandwidth for each network card can be dynamically changed from 100Mb up to 10Gb

Answer: D

7.A customer wants to order several ProLiant servers as virtual machine hosts. Which HP iVirtualization solutions are available to the customer? (Select two.)

A. Red Hat Linux Enterprise Server

B. VMware ESX 4i

C. CitrixXenServer

D. VMware Server

E. Microsoft Windows Virtual Server 2005

F. Microsoft Virtual Hyper-V

Answer: B,C

8.Which statement is true about processor cache?

A. it reduces the risk of downtime.

B. It enables floating point processing.

C. It reduces the amount of time needed for the processor to access data.

D. it reduces risk of data loss.

Answer: C

9.Which RAID level is able to withstand any two simultaneous hard drive failures?

A. RAID 1

B. RAID 1+0

C. RAID 6

D. RAID 5

Answer: C

10.Which feature included in the firmware of D2D Backup System eliminates redundant data during backups by saving a single copy of identical data, replacing any further instance with pointers back to the one copy?

A. dynamic reallocation

B. data retention

C. deduplication

D. low bandwidth replication

Answer: C

11.Which ProLiant servers have a maximum of four processor sockets? (Select two.)

A. ML370

B. BL860c

C. DL585

D. BL680C

E. DL785

Answer: D,E

12.Which component from HP Insight Foundation Suite for ProLiant can be used for array configuration and guided installation of the supported operating system?

A. SmartStart CD

B. Management DVD

C. Firmware Maintenance CD

D. Insight Software DVD

Answer: A

13.What additional functionality does HP Insight Remote Support provide to customers using HP SIM? (Select two.)

A. remote event notification and forwarding

B. integrated warranty tracking and online remote support

C. remote configuration and repair of management agents

D. integration with HP Insight License Manager

E. remoteiLO 2 graphical console access

Answer: A,B

14.Your customer is consolidating his environment on four ProLiant servers running VMware ESX 4.0. Which HP insight Control functionality can help him to convert physical machines to a virtual machine form on ESX 4.0 servers?

A. performance management

B. server deployment

C. server migration

D. virtual machine management

Answer: C

15.Which Insight Control component identifies and prevents potentially critical problems on ProLiant servers by providing real-time hardware event monitoring and secure event submission to HP Support?

A. HP Software Event Subscription

B. HP Insight Performance Manager module

C. Version Control Repository and Version Control Agent

D. HP Insight Remote Support

Answer: D

16.What does Dynamic Processor Resilience enhance?

A. data security

B. server availability

C. fast clustering failover

D. floating point performance

Answer: B

17.Which tape technology allows hardware-based encryption?

A. HP SuperDLTtape II 600GB

B. DLTVS160

C. SDLT600

D. LTO-4

Answer: D

18.Which HP disk-based storage solution provides both unattended backups and rapid restore of data for

LAN-based servers, and can also emulate popular tape libraries tape drives?

A. HP Virtual Library System (VLS)

B. HP Enterprise Virtual Array (EVA)

C. HP Modular Smart Array (MSA) 2000 G2

D. Removable Disk Backup System (RDX)

Answer: A

19.What enables resiliency in an HP Converged Infastructure? (Select two.)

A. power, cooling, and interconnect capabilities of the HPBiadeSystem c3000 enclosure

B. visualization products like VMware or Microsoft Hyper-V solutions

C. HPStorageWorks data protection solutions

D. modular building blocks providing maximum flexibility for scalability and customization

E. HP Insight Software components with appropriate services

Answer: D,E

20.Which HP software component can be used to install multiple ProLiant servers quickly and predictably in an unattended fashion using scripts and systems images?

A. HP Remote Deployment Utility

B. HPIgnite-UX

C. HP Server Migration Software forProLiant servers

D. HP Insight Rapid Deployment software

Answer: D

Trying our product !

★ **100%** Guaranteed Success

★ **100%** Money Back Guarantee

★ **365 Days** Free Update

★ **Instant Download** After Purchase

★ **24x7** Customer Support

★ Average **99.9%** Success Rate

★ More than **69,000** Satisfied Customers Worldwide

★ Multi-Platform capabilities - **Windows, Mac, Android, iPhone, iPod, iPad, Kindle**

Need Help

Please provide as much detail as possible so we can best assist you.
To update a previously submitted ticket:

One Year Free Update

Free update is available within One Year after your purchase. After One Year, you will get 50% discounts for updating. And we are proud to boast a 24/7 efficient Customer Support system via Email.

Money Back Guarantee

To ensure that you are spending on quality products, we provide 100% money back guarantee for 30 days from the date of purchase.

Security & Privacy

We respect customer privacy. We use McAfee's security service to provide you with utmost security for your personal information & peace of mind.
